

Testimonials

"I highly recommend the batting cage configuration and K96 netting we received from Pro Grade Sports Netting. We constantly receive rave reviews about our batting cages from our customers and the ability to unzip the batting cages to create one giant cage gives us even more functionality. We feel the high quality of these batting cages is a huge customer draw to our facility and we couldn't be happier with the end product." - Mark Dalesandro, co-owner Elite Sports Performance (Oswego, IL)

"ESP received 1st class service from Pro Grade Sports Netting. Their recommendation of K96 netting and the cage structure was awesome. They met their implementation timelines and we couldn't be happier with the end product." - Tadd Gibson, co-owner Elite Sports Performance (Oswego, IL)

"We are thrilled with the job Pro Grade Sports Netting did on our new backstop. The workmanship and quality are first-rate. We have had many positive comments from our fans. I highly recommend Pro Grade."

"I walked the entire range this morning and looked at the finished product from standing on the tee all the way down to standing directly at the base. I walked from end to end then back. It's rare to see such attention to detail, fit, and finish. I found the tension of this new net consistent all the way across. The triangular hooks used to secure the net to the new cables were perfectly spaced and plentiful. The work area was left in very good shape considering all the heavy machinery used during the project. Pro Grade Sports Netting certainly represented the work to be done right on the mark, thank you very much".

"Pro Grade Sports Netting makes the best field screens for baseball on the market. They have great customer service! Don't make the same mistake I did. Have them assemble the field screens at their warehouse. It is worth the additional cost. GREAT company to work with"!

"We ordered 2 - #96 weight batting cages from Pro Grade Sports Netting and we couldn't be happier with the purchase we made in 2009. The K96 netting is worth it's weight in gold. Our batting cage netting is hole-free and I look forward to continuing our relationship for years to come. We will, without a doubt, be purchasing all netting from Pro Grade Sports Netting in the future. Your people are always friendly and prompt on questions or issues."

"The batting cage system that Pro Grade Sports Netting built for us is great! Other than the slight delay in installing the batting cages, I have nothing but positives to say about it. The batting cages are better than I expected. I love them!"
